# BRAND OVERVIEW

The Shuxia brand was born out of a profound understanding of “private exclusivity", “ultimate experience" and “sustainable healthy lifestyle", and tailors a high-end lifestyle of “home · health" for high-net-worth individuals. We distill high-quality Þtness experiences into artistic home tributes, redeÞning the intersection of Þtness Spaces and life aesthetics. We have redeÞned the standard of home Þtness by combining high-end design aesthetics with scientiÞc sports concepts.

墅下品牌诞生于对“私人专属”、“极致体验”与“可持续健康生活方式”的深刻理解，为高净值人群量身打造“家·健”的高端生活方式。
我们将高品质健身体验提炼为艺术化的居家礼赞，重新定义健身空间与生活美学的交汇。结合高端设计美学与科学运动理念，重新定义了家庭

# BRAND PHILOSOPHY

## 为值得的人定制值得的空间

We believe:
True high-end Ptness is not merely about equipment; it is also a presentation of a lifestyle.Under the villa, there is a trinity of “spatial aesthetics + professional functions + service system”.Create a truly personalized Ptness experience that matches the residence and mindset of high-net-worth individuals.It's not about piling up products, but dePning solutions.It's not about creating space, but about reconstructing daily life.

我们相信：
真正的高端健身，不止于器械，更是一种生活方式的呈现。墅下以“空间美学 + 专业功能 + 服务系统”三位一体，为高净值人群打造真正契合居所与心智的私属健身体验。不是堆砌产品，而是定义解决方案。

# BRAND FOUNDER

# 品牌创始人

I'm Jiang Chang, a former Þtness coach who has also participated in the management and project implementation of multiple Þtness brands. Evolving from a frontline practitioner to an industry operator, I have always stood by users and observed the real demands of Þtness enthusiasts.

I identiÞed a long-overlooked high-end market gap: the Þtness needs of high-net-worth individuals have never been truly understood. Traditional commercial Þtness equipment looks bulky and industrial, failing to blend into residential interiors. Most household Þtness gear on the market features cheap plastic texture and basic functions, falling short of professional trainers' standards.

Determined to bridge this gap, I aim to integrate professionalism with aesthetics, making Þtness an inherent part of daily life rather than a makeshift functional corner. This vision drove me to establish Shuxia, a brand dedicated to customized full-suite home gym solutions for upscale households. More than just Þtness apparatus, Shuxia delivers a complete lifestyle system that boasts exquisite spatial harmony, professional performance and lasting durability.

我是江昌，曾是一名健身教练，也参与过多个健身品牌的管理与落地。从一线服务者到行业运营者，我始终站在用户一侧，观察着健身人群的真实需求。我发现了一个长期被忽视的“高端空白”：高净值人群的健身需求，并没有被真正理解过。传统商用器械太笨重、太工业化，无法融入家居空间；而市面上所谓的家用器械，则多以塑料感和初级功能为主，难以满足真正训练者的专业追求。我想，解决这个难题，把专业与美学融合，把健身变成生活的一部分，而不是妥协后的“功能角落”。于是，我开始打造一个“为高端家庭量身定制的健身房全案解决方案品牌”，这就是墅下。墅下不只是健身器械，而是一种完整的生活方式系统，它既要美观、精致、适配空间，也必须专业、耐用。
